## Autumn Term 2017

Where did the summer go? Speaking to many parents on the first morning most had fantastic breaks but were pleased to see that their child was excited about returning to school. There were many smiling children with plenty of stories of new sisters, holidays away and visits to the park.

We are due to have another packed term, early proposed dates are below, please check nearer the date of each event to confirm arrangements. Again please support wherever possible. I hope you are following us on Twitter @Glynhafodjun and @cwmamaninfants.

I continue to encourage **school uniform** (on the first day almost every child in each school!!) and **attendance**. Please may I remind you of the value of your child being in school at every possible occasion (even in nursery), therefore holidays (especially **caravan weekends**), dentist, etc should be confined to outside of school times. There will be a reward assembly at the end of term, so don't let your child miss out. There will also be a special event for all those who have had 100% for the Autumn Term!

The parents meetings next week are a useful way for us to inform you as to what your child will be involved in this term, PE days, homework, etc. It is also an opportunity for you to ask the class teachers any questions. So please attend if possible. The Macmillan Coffee event is for a great charity that is easy to support and raises important funds.

*P Morgan*
